

## Registering and using the MINDBODY app via Smart Phone A Visual Guide

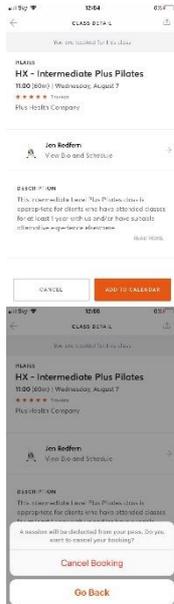

<p>Download the free app via your app store.</p> 	<p>Click 'continue with email'.</p> 	<p>Enter your email address.</p> 	<p>Create a password if you do not already have an account.</p> 	<p>Type Plus Health Co in the search bar unless we are stored as a favourite.</p> 
<p>Click the magnifying glass to search and then click on Plus Health Co below.</p>  	<p>Click 'view schedule'.</p> 	<p>Select the class you would initially like to book for and tap 'book'. ('call' refers to classes which cannot be booked online)</p> 	<p>Modify the payment options as needed by clicking on the arrow and then click 'next'.</p> 	<p>To make a purchase, enter the following details (as they appear on your card) then click 'next'.</p> 
<p>Next, enter the information below and then click 'save'.</p> 	<p>Check the summary of your order then select 'book and buy'.</p> 	<p>You will now see you have booked for your first class within your bundle.</p> 	<p>To check your account, click on PROFILE and then tap 'passes'.</p> 	<p>You can view your purchased bundle, the sessions you have remaining and the expiration date of your purchase.</p> 

Please remember to book ALL the sessions in your bundle after making a purchase.

These can always be adjusted in future and will avoid you missing out on your favoured session.

To cancel a booked class, click 'book' on the relevant session then 'cancel'.

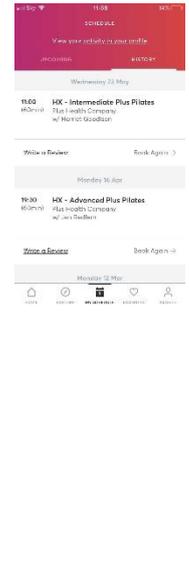

Providing you are cancelling with more than 24 hours before your class, you will be credited with the session so please remember to re-book it before your bundle expires.

Cancellations with less than 24 hours notice will count as one of your paid for sessions.

Please note, you can attend other sessions in addition to your regular class, providing it is pitched at a similar level of difficulty.

To delete stored card data, go to your profile, then wallet then 'delete' on the relevant card information.

To leave a review, please click 'write a review'. Your feedback is important to us.

### Technical Note:

Occasionally, when the mindbody system is updated, it can cause a wobble. This may temporarily affect your ability to book, view purchases etc. If this happens, firstly please log out of your mindbody account and then log back in. It may resolve the issue. If not, please uninstall and reinstall the app and get in touch if this does not rectify the problem.
